The Curious Story of Mark Twain in Prison. What American Painters Earn. Primitive Religion. Meeting a Poet. Several Strange Dreams. Poetry.

The French Ministry.

PARIS, Nov. 28.—The members of the cabinet this afternoon tendered their resignations to President Carnot. He accepted them but asked the ministers to remain in office until their successors were appointed.

Sentenced for Life.

SAN FRANCISCO, Cal., Nov. 28.—Chas. E. Cross was sentenced to San Quentin by Judge Crawford today. He showed no emotion when the sentence was pronounced. He was taken to San Quentin this afternoon.

Denver May Get It.

WASHINGTON, Nov. 28.—At the war department today it is learned that the headquarters of the department of Arizona, now located at Los Angeles, Cal., will be changed to Denver. If the change is made Colorado will be included in this department.

For the Government.

SAN FRANCISCO, Cal., Nov. 28.—Judge McKenna, of the United States circuit court, decided the case of Liebes Bros., tobacco importers, today. The result of the decision is that over \$40,000 advanced by the firm as duties on tobacco will remain in possession of the government. The case grew out of the attempt of Liebes Bros. to enter Sumatra tobacco as fillers instead of wrappers.

Prevented a Sale.

WICHITA, Kas., Nov. 28.—An attempt was made this morning to dispose of the entire plant of the Wichita Electric railway by sheriff's sale under a mortgage for \$224,000, held by the American Loan and Trust Company of Boston, but the sheriff was enjoined just before offering the property. The injunction was obtained by O. Martinson, a stockholder in the road, who in his petition alleges collusion between the plaintiff bondholders and the directors of the railway company. The injunction stands until December 1.

Miscreants Molesting Graves.

INDIANAPOLIS, Ind., Nov. 28.—Reports continue to come from various parts of the state of the desecration of soldiers' graves. In a cemetery of the western part of Morgan county, miscreants took the tombstones from soldiers' graves, and the stones against the cemetery fence, painted them red, and then placed them on the graves. Before doing the same persons, armed with tin snips and other noise-making articles, gathered together, paraded through the graves of business of Republicans at Carbon, in Morgan county. This is the same section where so many cemeteries have been molested.

YOUTHFUL BANDITS.

Plans to Wreck a Train Discovered.

One of Them, Named Chas. C. Baber, Arrested and Taken to Los Angeles by an Officer.

LOS ANGELES, Cal., Nov. 28.—[Associated Press.]—Detective Johnson arrested from Fresno today with Chas. C. Baber, the 16-year-old lad charged with horse stealing. On October 21 Baber and three other lads went to Fresno, saying they were going to join Crane and Sontag. The boys were discovered by a detective near Huron, in Fresno county. They were making preparations to wreck the Southern Pacific train when discovered.

Curiosities About Languages.

Almost a third of the total population of the globe—a round 400,000,000 human beings—speak nothing but the Chinese and allied languages. One hundred million more speak Hindoo only, and 95,000,000 speak English. The Russian language is fourth on the list, being the mother tongue of 89,000,000 people. The German is a good fifth and is used by 75,000,000 tongues, France coming sixth on the list in which it was once first. Spanish is used by 48,000,000 people in Europe and the three Americas.—St. Louis Republic.

ADLAI'S AX!

A Rupture Between Grover and Ad.

The Illinois Patronage the Cause of it.

Two Bitter Factions in Stevenson's State.

The Vice Presidential Ax Likely to be Sheathed by the President-Elect—A Pretty Little Row.

WASHINGTON, Nov. 28.—[Special.]—A story has been started here today which has some elements of interest. It is to the effect that there is a pending rupture between Vice-President-Elect Stevenson and Mr. Cleveland, growing out of patronage generally, and particularly out of the selection of a cabinet officer from Illinois. It appears to have its basis on two things.

The first is that Cleveland and Stevenson will differ as to the policy of "recognizing" Democrats, which there are reasons to believe is a false assumption. The other is that E. M. Phelps, ex-president of the Iroquois club, has come east to oppose the appointment of Representative Cable to a place in the cabinet and that Mr. Cleveland will not appoint him if Phelps, Morrison and others disapprove. The story assumes also that Cleveland and Stevenson are naturally antagonistic. Probably the only sound thing in it all is that two factions of the Democratic party in Illinois will oppose each other in all things, and that Mr. Cleveland will try to avoid taking sides wherever there is a bitter fight over anything. It is not probable that Mr. Cable's appointment to a cabinet position is being seriously considered, and it is probable that Illinois will not have a cabinet place for any one. All people who have talked with Cleveland about Stevenson claim that Mr. Cleveland indicates a very friendly feeling for his associate on the ticket, and that he regards Mr. Stevenson's ax as rather a useful attachment to the party machine. A fight between the two men would be very interesting, but there are now no signs that it will occur. A very bitter fight between the two factions in Illinois is probable.

It will be a new departure, indeed, if a vice-president is to be a factor in the distribution of federal patronage. The vice-president once had the power to appoint the senate restaurant keeper; but that patronage privilege was taken from him by the senate. His only patronage now is the right to appoint a private secretary and a door-keeper. As to them Adlai can swing his ax without restriction.

The cabinet makers insist that Mr. Henry Villard is very anxious to be United States minister to Berlin, and that he has assurances that his ambition will be gratified. If Mr. Cleveland shall make this appointment he will do so with full knowledge that the foreign governments do not care to have sent to them as ministers persons who were formerly citizens of their own country. The violation of this wish on the part of the United States in many instances has already led to trouble.

BRIGHT PROSPECTS FOR TOOLE.

Montana Populists Will Elect a Free Silver Senator.

HELENA, Mont., Nov. 28.—[Associated Press.]—The official canvass of the vote of Chouteau county was made yesterday, and resulted in giving the certificate to one Democratic member of the legislature, thus making that body Democratic on joint ballot and insuring the election of a straight Democrat to the United States senate. The three Populist members still hold the balance of power in the house, but it is confidently believed that one of them will unite with the Democrats and help organize that body on a Democratic basis. The leading candidates for the senate are ex-Governor Hanson, Governor Joseph K. Toole, Major Maginnis, Marcus Daly, W. A. Clark. Congressman Dickson and T. E. Collins, who was the Democratic candidate for governor at the last election. There will undoubtedly be a contest over the action of the Chouteau board, as they threw out one precinct at which a number of half-breed Indians voted, but the Democrats will help organize the house.

HE MEANT TO KILL HER.

Mrs. Neatler of Chicago Has a San Franciscan Arrested.

CHICAGO, Ill., Nov. 28.—[Associated Press.]—Alexander Folke, alias Foster, a wealthy broker of San Francisco, was arrested here this afternoon on complaint of Mrs. Norma Neatler, on a charge of assault with a deadly weapon with intent to kill. Folke arrived in the city three days ago and, according to Mrs. Neatler's story, tried to induce her to leave her husband and marry him. Upon her refusal he drew a

revolver, but he was disarmed before he had a chance to shoot.

Folke claims that he has at different times given the woman more than \$10,000 with the understanding that she was to secure a divorce from her husband and marry him. When he learned that he had been duped he drew his revolver and demanded an explanation.

THE REPUBLICAN accepts advertising on a distinct and unequivocal guarantee that its circulation in the City of Phoenix and outside of the City of Phoenix is greater than that of any other newspaper published in Arizona.

HAD MADE A BIG HAUL.

Clever Scheme Worked by a Couple of Shoplifters.

CHICAGO, Ill., Nov. 28.—[Associated Press.]—One of the cleverest schemes of shoplifting that has come to the notice of the police for some time was brought to light Monday afternoon when two men, who gave the names of James Jones and Frank Smith, were arrested at Mandel Bros.' store. The men carried between them a pasteboard box about two feet long and ten inches square. At the top of the box was arranged a lid, to the hinges of which was fixed a spring. A very small amount of weight placed on the lid would cause it to go down, allowing anything placed on top of it to fall into the box. It would then be forced back by the spring.

When the men were arrested by the officers this novel and portable "fence" was well filled with gloves and silk stockings, all of which have been identified as goods missing from The Fair and The Leader. The police claim that the names given by the men at the central station are assumed, and that the two men are members of the theatrical profession and are well known as female impersonators.

HILL MAY RESIGN.

He is Tired of the Job He Now Has.

Would Prefer to Remain in the State as the Leader of the New York Democracy.

NEW YORK, Nov. 28.—[Associated Press.]—The Mail and Express in a long article this afternoon, says in brief:

"There is a strong probability that David B. Hill will not return to his seat in the United States senate. If the decision of the matter rested wholly with Mr. Hill there is no doubt that he would resign shortly after the session of the legislature is begun in January.

"There are many reasons for the action now credited to the junior senator from New York. It is very well known to many that it was not the desire of Mr. Hill to go to the United States senate as successor of the Hon. William Maxwell Evans.

"The legislature had such a close Democratic majority at the time of the senatorial election that there was every probability the senatorship would go to the highest bidder among the candidates, unless Hill, who was then governor, would step in and take the place. It was partly to avoid scandal and partly to unite all the members of the legislature that Hill became the candidate.

"Another particular reason, no doubt, rests largely in the fact that Mr. Hill's game in life is that of politics, and it is his ambition to remain as the leader of the New York Democracy, something he can best do by remaining altogether in the state and pursuing the practice of law."

BOLD BURGLARS.

Make a Haul of \$15,000 in Cold Cash.

LIBERTY, Mo., Nov. 24.—[Associated Press.]—It was learned today that the burglars who blew open the vault of the First National bank, Sunday, secured \$15,000. They had dynamite and fuse attached to the inner vault containing \$10,000 in gold, but were evidently frightened away before they were ready to touch it off. They made their escape from the town in a carriage with a horse stolen from a residence near by. No trace of the men has been found.

GEORGIA POSTMISTRESS.

Threw Vitriol in Her Servant's Face and is in the Courts.

WASHINGTON, Ga., Nov. 28.—[Associated Press.]—Mrs. Gatchel, the postmistress at this place, has been arrested on a charge of vitriol throwing. The charge is preferred on behalf of her 13-year-old nurse, who was the victim of the late Postmistress. It seems that the lady has had considerable trouble of various kinds, and as has been heard upon more than one occasion to threaten to throw vitriol upon those who did not please her. She seems to have made practice of carrying the deadly stuff.

While driving with her child, and the nurse a few days ago she got mad at the nurse and began to pour vials of wrath and vitriol on her. The nurse was badly burned, as was Mrs. Gatchel's own child. The woman was bound over to the courts. There is great indignation at the act.

Frank Tittle Ill.

PRESCOTT, Ariz., Nov. 28.—Governor and Mrs. F. A. Tittle have left for the east, in response to a telegram announcing the serious illness of their son, Frank H. Tittle. The latter is at Lynn, Mass., and the telegram, which was from his brother, Stewart, said there was little hope of his recovery.

HE IS MAD.

Work of a Vindictive Postmaster

Causes the Indictment of W. L. Vail.

He Charges Him With Opening Another Man's Letter.

The Trouble Originates in a Business and Political Disagreement With Vail's Father.

From dispatches and exchanges news of the arrest of W. L. Vail at Los Angeles last Friday reached Phoenix yesterday. The charge against Mr. Vail is that of opening a letter addressed to another person and appropriating to his own use a \$20 check contained in the letter. The circumstances of the case are not nearly so grave as the bare dispatches indicate. The fact that Vail was released on his own recognizance from Friday until yesterday, when he furnished bond for his appearance at the next term of Federal court, shows that the Federal authorities are inclined to regard the matter as of slight legal importance. The facts are as follows: For some time Mr. Vail and his father were owners of the Pasadena Star, whose books on coming into their hands were found to be in bad shape and many of the accounts were unintelligible. On Nov. 20, 1890, Mr. Vail received at the Pasadena post-office a letter addressed to William Vail which by the way was the name of Mr. Vail's father.

The letter was opened and found to contain a check as described, and the only advice accompanying was an instruction to apply the amount upon the sender's account. Supposing the letter to be intended for his father and the writer to be a subscriber to the Star whose name had been lost in the chaotic condition of the business office, Mr. Vail cashed the check and used the money.

In a short time it was discovered that the addressee of the letter and the payee of the check was a nurseryman named William Vail whose postoffice address was Pasadena. The amount was made good to him by Mr. Vail and the matter was apparently forgotten. It was revived, however, in a peculiar manner. It transpired that the present postmaster at Pasadena purchased the Star from the Vails, and his subsequent business relations with them became unfriendly, a state of affairs intensified by a contest between him and the elder Vail for the postoffice, in which he was successful. He recently learned of the affair of the letter, and reported the matter to the United States authorities and Vail was indicted by the Federal grand jury six weeks ago. He was then in Phoenix and did not learn of the indictment until the beginning of last week. He left for Los Angeles at once and gave himself up to the United States marshal there, to answer to the charge against him.

From this it is evident that Mr. Vail believed in his ability to disprove the charge, and his friends throughout the territory are not apprehensive of an unfavorable termination of the case.

HORRIBLE SIGHT.

Five Men Burned in a Blazing Lumber Camp.

MARSHFIELD, Wis., Nov. 28.—[Associated Press.]—Stadth's lumber camp here burned, and five of the eight men employed were burned. Charles David of McMillan cannot recover, and two others are burned so badly that the flesh has dropped from their hands and faces.

The building, which is a two-story structure, caught fire from a stove and communicated to the stairway, cutting off egress from above. The men awoke in the midst of suffocating smoke, and jumped from the windows to the frozen ground beneath. The victims are in the hospital here. The camp was situated four miles below Stratford. The name of the man who perished in the flames was Alton Muldenbach. The loss is estimated at \$1,000.

District Court.

There was little of importance in the District court yesterday. The petition of the ladies of the W. C. T. U. to sell their property was dismissed at the request of the petitioners.

Francisco Rubio, charged with assault with intent to kill, was convicted of simple assault.

Mannel Gonzales was tried for grand larceny and acquitted.

The grand jury returned two indictments, one against John Galvan for burglary, and against Rafael Orasco for grand larceny.

HUNTING HEALTH.

A Mother Reads the Republican and Finds Hope for Her Daughter.

Dr. W. L. Woodruff yesterday received a letter from Mrs. B. F. McKeage of Montgomery, Tenn., in which the writer said that she had lately been reading in The Republican articles descriptive of Phoenix as a health resort especially adapted to persons suffering from pulmonary diseases. She has a young daughter afflicted with lung trouble and she has decided to send her to Phoenix. She commissions the doctor to secure suitable lodgings

for the invalid and an older sister who will accompany her. The young ladies will leave Montgomery as soon as they receive information that lodgings can be obtained.

Easy Route for the Alaska Railroad.

VICTORIA, B. C., Nov. 28.—Pondrier's government exploring party returned this morning from Hazelton, the terminus of the thirty-mile road they have cut. The road follows the old telegraph trail, and Pondrier pronounces it the only available for a railway connecting the province with Alaska. He also asserts that the construction of the road would present few difficulties.

The Wearing of Amulets.

Who were the first amulet it would be impossible to say, but the adoption of a talisman to ward off evil is of very ancient origin.

Phylacteries, the Greek word for amulets, were worn by the Israelites, to which allusion is made in the Scriptures. These phylacteries were narrow strips of parchment on which were written passages from the Old Testament. A strip was placed in a small leathern box and bound to the left elbow by a narrow strap. There was a smaller phylactery for the forehead, the box for which was about an inch square.

The word amulet is of Arabic origin, and implies a thing suspended. Amulets were of various kinds. The moonstone found in the desert of Arabia was worn as a talisman against enchantment by the women, who suspended it around the neck. It was a white, transparent stone, the time for searching for it being midnight.—Detroit Free Press.

SILVER MEETING.

Held at the City Hall Last Night.

Fifty Representative Delegates Chosen to the El Paso Silver Convention December 5.

A large and enthusiastic number of citizens of Phoenix and Maricopa county met last night at the city hall in response to a call for the purpose of appointing delegates to the Silver Convention to be held at El Paso, beginning December 5 and to be in session four days.

Frank Czarnowski was chosen chairman and J. E. McClintock and Wm. Spear secretaries.

Chairman Czarnowski explained the object of the meeting, and in the course of his address said that a full representation was desired from the territory, not only to prove the interest of Arizona in the silver question, but because if the territory should be able to furnish a sufficiently large delegation at El Paso, the next annual convention would pass to this territory.

Hon. Frank Cox was called upon to address the meeting, and said that the matter to come before the El Paso convention was of vital importance to the whole country and particularly to the people of the southwest and other silver producing regions. This had been fully provided for by the dismantled condition of many silver mines in this territory which formerly sources of wealth to the territory had been abandoned on account of the depreciation in value of their products. While Maricopa county relied chiefly on her agricultural resources, yet she was necessarily affected by any cause which might militate against the prosperity of any other section of the territory and it was therefore proper that she act with zeal in a movement calculated to restore silver to its true value. The speaker moved the appointment of fifty delegates to El Paso and the following gentlemen representing all sections of the county and all business interests were chosen:

Chas. Goldman, Thomas Cochran, Mr. Eccles, Frank Lake, E. F. Kellner, Frank Czarnowski, T. P. Carson, W. B. Gillingham, Henry E. Kemp, R. F. Kirkland, Wm. Christy, P. J. Cole, J. E. Armstrong, John Osborn, C. R. Haker, Gov. N. O. Murphy, Thos. E. Farish, ex-Gov. Zulick, J. C. Rankin, A. J. Doran, M. E. Collins, W. J. Kingsbury, Robt. J. Goodwin, Chas. Pendergast, J. O. Dunbar, J. L. B. Alexander, Robt. Bowen, Geo. P. Dykes, R. Waldin, Jones, Harry Walton, John Burger, F. W. Hill, C. H. Gray, J. E. Walker, Wm. Jensen, E. Ganz, F. P. Parker, Jas. Bark, D. L. Murray, Jos. Thalheimer, C. S. Masten, Geo. F. Coates, Wm. Dagg, Frank Webster, Frank Nicholson, J. T. Sims, Webster Street, Frank Cox, W. S. LeBaron, W. B. Pratt.

A committee consisting of Messrs. Cox, Kellner and Gregory was appointed to confer with Col. C. S. Masten in the matter of transportation.

A committee made up of Messrs. Story, Street, Baker and Zulick was appointed to draft suitable resolutions and report at a meeting to be held at the city hall on the evening of December 2, to which time an adjournment was taken.

Populist Meeting Postponed.

The mass convention of the Peoples party to be held in Tucson December 3, 1892, is indefinitely postponed.

By Order of

W. E. BANCROFT, Mem. Nat. Ex. Com. Peoples party for Ariz.

Married.

Cards have been received announcing the marriage of Gov. R. C. Powers to Miss Mary Wilson of Duluth. The newly wedded couple will be "at home" after Dec. 1 in Los Angeles. Gov. Powers is well known to Phoenix people, and at one time was governor of the state of Mississippi.

WHITE METAL.

Monetary Conference Still at Work.

Rothchild Submits a Preliminary Plan.

America and Europe Should Become Purchasers.

He Thinks Five Million Pounds Per Year Should be Expended for the White Metal.

BRUSSELS, Nov. 28.—[Associated Press.]—In the monetary conference the Rothchild proposals were submitted to a conference this afternoon. They cover eleven printed octavo pages. Rothchild argues in great length that bi-metalism in Great Britain is absolutely impossible.

He suggests that the question arises whether it is now possible to extend the circulation of silver generally, and by this means assist by checking a further fall on values. Rothchild said he did not claim his proposals would prove a final solution of the question, but they would prove palliative.

His proposals are that America continue to purchase silver and European powers buy an amount equal to £5,000,000 per year for five years at 43d. If silver should rise above that price, the purchase to be immediately suspended. It is expected the proposals will be referred to a committee.

LONG DISTANCE RACE.

Cowboys Will Ride From Chadron, Neb., to the World's Fair.

DEADWOOD, S. D., Nov. 28.—[Associated Press.]—The cowboys of Nebraska and Dakota met at Chadron and organized a long distance race. After much deliberation it was decided that the race would be run from Chadron, Neb., to the Nebraska State Building at the world's fair grounds. The prize is to be \$1,000 and a gold medal. Nearly three hundred entries will be made. Bronchos will be the animals ridden. The race will begin May 15.

NOT A SECRET BALLOT.

A Blind Man's Strange Plea in California.

SAN FRANCISCO, Nov. 28.—[Associated Press.]—Judge Lawler last night granted a temporary injunction restraining the election commissioners from proceeding with the official canvass of the vote cast in this city at the recent election.

The suit is brought by James Welsh, who alleges that the Australian ballot law prevented him from enjoying the secrecy of the ballot as guaranteed by the constitution, and that therefore the law is unconstitutional.

Welsh avers that he is partially blind and he could not vote under the Australian system without assistance in marking his ballot. A few days before election Welsh attacked the validity of the Australian law by demanding of the register of the votes and the secretary of state that he be furnished with a ballot to prepare at home. The request was refused and the matter was taken to the supreme court, but owing to the shortness of the time before election the suit was dismissed without prejudice by mutual consent. Welsh's attorneys say that the result of the national election may not be affected.

HER CLOTHES CAUGHT FIRE.

An Albuquerque Woman Terribly Burned and May Die.

ALBUQUERQUE, N. M., Nov. 28.—[Associated Press.]—A very distressing accident occurred here this morning. Mrs. C. A. Hudson, the wife of a well known painter, was washing a skirt in gasoline when some of the dangerous fluid splattered on her clothing and ignited from the stove. She ran out into the yard with her body completely enveloped in flames, and screaming for help. Neighbors came as soon as possible to her rescue, but before the flames were subdued she was frightfully burned all over the body. She lies in a precarious condition to night. In her exit from the house the frame work of the rear porch was set on fire and about \$500 damage was done to the house before the flames were brought under control.

ANOTHER ENOCH ARDEN.

He Returns to Find His Wife Married and Kills Himself.

BENTON, Ill., Nov. 28.—[Associated Press.]—A highly sensational suicide occurred Sunday night at the home of Lucinda Summers, near Macedonia, in this county. Six years ago Tilman Andrews left his wife and family and disappeared. His wife supposed he was dead and married again. A few days ago he came back. His wife says the first thing she saw of him he was in the house talking to his babe. He seemed to be in mental distress, saying two detectives were after him. About 2 o'clock Monday morning the family say they were awakened by the report of a gun. They found Andrews lying across the foot of the bed with the top of his head blown off, and a gun lying in the floor. The coroner's verdict was suicide.
